ADMINISTRATOR MESSAGE

It was great to see so many of you at our Parent-Teacher conferences this week. The evening provided us with a valuable opportunity to connect with families and share information. Please remember that you are always welcome and encouraged to contact teachers for updates on your children's progress. Teachers can be reached by email or by phoning the school.

We are now well into our second semester courses. There is a great energy around the building as students demonstrate their learning in a multitude of ways. We encourage students to remember that if they find themselves struggling, we have many supports available. These include extra academic assistance available before and after school, as well as at lunch.

Additionally, our counselling staff are available to help students if they find themselves needing support.

We hope that everyone has a restful spring break, and that students return to school energised and motivated to continue to put their best effort into their learning for the remainder of the year.

Sincerely,

Rena Sweeney
Principal

PHSS PAC News

The PHSS Parent Advisory Council is always looking for parents to participate in meetings and other activities around the school. If you are interested in coming to a PAC meeting, please feel free to join us. No commitment necessary.

Next Meeting:

March 16 @ 7:00 pm
in the Library

SCHOOL VISITORS

Visitors to the school are reminded to check in at the office upon arrival.

ALLERGIES

Please remember that as per School District Policy, we are a **scent-free** school. Some students and staff have severe allergies and suffer from breathing difficulties when exposed to certain scents. Please refrain from wearing perfumes and body spray while at school.

Healthy Relationship Facilitators Dana, Taylor and Sydney led Girls Group on Feb 22 which was Pink Shirt Day. They talked to the girls about situations the girls needed to think about where the situation could be green (healthy), yellow (more information is needed to determine whether or not it was healthy and the girls needed to proceed with caution) or red (there were aspects of the relationship that the girls identified as unhealthy and indicated that support was needed). The Facilitators led the girls through an activity that allowed them to think about what they could feel, see and hear in healthy and unhealthy relationships, and finished the group with a quiz about Myths of Healthy Relationships. A special thank you to our Red Cross Healthy Relationship Facilitators who did an excellent job facilitating the Grade 8 girls group.

Science Beach Walk

Mr. Boyko's science class was out at the estuary studying marine life and collecting samples to investigate further back in the classroom.
